

TEACHER SURVEY

Results – 3/21/2014

Survey Statistics

- 25 Survey Responses
 - Kindergarten: 4
 - 1st Grade: 2
 - 2nd Grade: 4
 - 3rd Grade: 5
 - 4th Grade: 4
 - Student Services: 5
 - Specials: 1

Seed to Harvest

- In which areas would you like to involve your class in the Seed to Harvest garden this year?
 - Composting: 2 (8%)
 - **Planting Seedlings: 14 (56%)**
 - **Planting Seeds: 17 (68%)**
 - **Chart Plant Growth: 7 (28%)**
 - **Garden Craft: 8 (32%)**
 - Guest Speaker: 3 (12%)
 - Plant Harvest: 5 (20%)
 - Plant Specific Project: 1 (4%)
 - Garden Maintenance: 4 (16%)

Seed to Harvest

- Please list any specific plants that you would like to be included in the garden.
- Fall crops for Thanksgiving baskets
- Pumpkins
- Wild flowers
- Sunflowers
- Anything that's big and bright

Seed to Harvest

- Would you be interested in being a teacher representative on the Seed to Harvest committee?
- Cate O'Brien (4th Grade)
- Mary Gavin (Student Services)

Seed to Harvest

- Would your class be interested in “adopting” a bed in the garden?
 - Kindergarten (Marzullo)
 - 1st Grade (Elliott, Simmons)
 - 2nd Grade (Barbato)
 - 3rd Grade (none)
 - 4th Grade (O’Brien, Kern, Briones)
 - Student Services (Lichodolik, Gavin)

Seed to Harvest

- Please detail any suggestions, feedback or questions on the Seed to Harvest program.
- Possibly if there were a Grade Level Parent volunteer who could help coordinate the activities. (If we were lucky enough to have a parent volunteer per class - it would be easier to coordinate participation in events?.)
- Students are doing the composting unsupervised and very often spill water in the hallways outside the gym. I am very concerned about someone getting seriously hurt if/when they slip and fall due to the floors being wet. I don't want to be that person. I have cleaned up many times since the program began. Note: It is very difficult to see any water on the floor because they have a great shine. Maybe the composting can be done before or after school with someone supervising. Use milk jugs with screw on caps so the water doesn't spill. I have several in my office you can have.
